

Maintenance of Traffic Requirements During Construction of Rio Road Grade-Separated Intersection

The Rio Road-Route 29 intersection may be restricted for 103 days from May 23 – Sept. 2, 2016.

Between May 23 and Sept. 2:

- Rio can be closed to east - west through traffic across Rt. 29.
- Rio can be closed to left turns from Rio to Rt. 29, and from Rt. 29 to Rio.
- Three northbound lanes and two southbound lanes will be maintained on Rt. 29 from 6 a.m. to 9 p.m.
- Right turns from Rt. 29 to Rio and from Rio to Rt. 29 will be permitted.

Before May 23 and after Sept. 2:

- Four through lanes in each direction on Rt. 29 will be maintained from 6 a.m. to 9 p.m.
- Two through lanes in each direction on Rio Road will be maintained from 6 a.m. to 9 p.m.
- All roadway connections and operational movements will be maintained from 6 a.m. to 9 p.m.

All existing right-in, right-out entrances will be maintained during all phases of construction.

A temporary signalized crossover at existing Berkmar and Rt. 29 will provide access to and from Rt. 29 during construction. This crossover can be used to detour around Rio for northbound and southbound traffic, and can be used to access the east side of Rt. 29 by southbound Berkmar traffic.
